Detailed Action

Detailed Action

Response to Amendment

1. Applicant's amendment and accompanying Remarks filed 4-7-04 have been entered and carefully considered.

The amendment is sufficient to overcome the obviousness rejections of claims 14-22.

2. Claims 1-4,6-13 are rejected under 35 U.S.C. 103(a) as being unpatentable over US 5,678,410 to Fujita et al.

Response to Arguments

3. With respects to claim 1 and 10, Applicant argues that the bypass 114 of Fujita et al does not disclose or suggest that bypass 114 opens only when a hydrogen gas generating pressure of the hydrogen absorbing tank is higher than a predetermined reference pressure of the hydrogen gas consumer device. However, Applicant's arguments are directed to the intended use of the bypass 114 and has no bearing on the patentability of the apparatus claimed in claims 1-13. The bypass 114 disclosed by Fujita et al is capable of functioning as claimed.

Allowable Subject Matter

4. The following is a statement of reasons for the indication of allowable subject matter: With respects to claim 14, the bypass 114 of Fujita et al does not disclose or suggest that bypass 114 opens only when a hydrogen gas generating pressure of the hydrogen absorbing tank is higher than a predetermined reference pressure of the

hydrogen gas consumer device. Claims 15-22 depend on claim 14 and are also allowable.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office Action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
